RECEIVED

Subject: **Notification of New SWMU**
Grenada Manufacturing Facility - Grenada, Mississippi
EPA ID No. MSD 007 037 278

Dear Mr. Kumar:

As required by Condition V.B.2 of the above reference permit, we are submitting this notification of identification of an additional solid waste management unit (SWMU) at the above referenced facility. The new SWMU is the chromium plating line area. This area was identified as a SWMU based on the sampling results obtained as part of implementing the closure plan for the chromium destruct pit (SWMU 14). Details on the analytical results of soil borings in the chromium plating line area are being submitted under a separate cover letter to Mr. Don Webster of your office.

We plan to discuss these results and subsequent activities in our meeting with you on April 18, 2002.

If you have any questions on this notification, please contact me at (662) 226-1161.

Sincerely,
GRENADA MANUFACTURING, LLC

Don Williams
